

essentialShield Mini

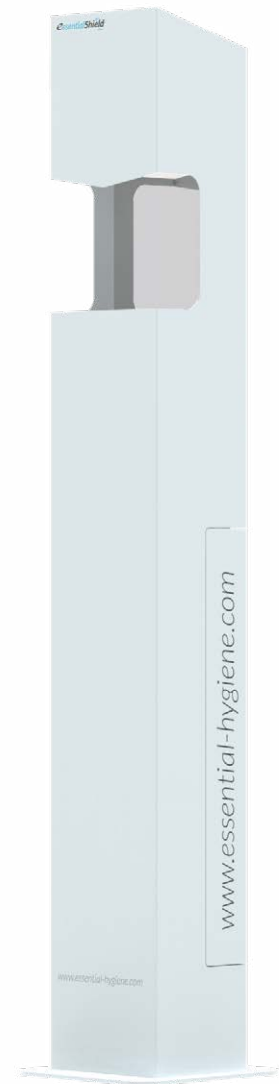

Overview

The aesthetically designed slender essentialShield Mini benefits from our unique twin jet dosing technology and is ideal for confined area positioning. It comes in both mains power and rechargeable battery operated (spare battery and charger provided) options. The essentialShield Mini is designed specifically for lower foot traffic environments that still require a high level of hand hygiene sanitisation such as salons, banks, gyms, hotels floors, offices, canteens, restaurants and many more.

essentialShield Range	2 years	3 years	4 years	5 years

Product Features

- Maximum tank capacity 3 Litres dispenses more than 15,750 doses on average. We usually recommend each station comes with 3 Litres and 3 Litres in storage for refill.
- Unique 'top and bottom' touch-free twin jetting system that delivers 360-degree hand sanitiser coverage for optimum hygiene protection.
- Proximity sensor 'soft' dosing delivery which eliminates splashing and reduces wastage.
- Sleek aesthetically pleasing design with Zinc plated Iron steel casing. Ideal for confined doorways, hotel floors, small business, salons and gyms etc.
- Mains power or battery-operated options. Rechargeable battery plus spare and charger supplied with battery option to ensure higher sustainability by eliminating frequent disposal of exhausted batteries.
- Wide frontal and side panel surface's suitable for bespoke branding and logos.
- Anti-theft lockable sanitiser solution door, with key.
- Lifelong antimicrobial powder coating paint on all stations providing 99.99% protection against bacteria, viruses, biofilm and tested to ISO22196 standards.
- Refill alert indicator to let you know when your station is low on solution before its runs out.
