

essentialShield Promoter

Overview

The beautifully proportioned essentialShield Promoter is a high capacity 20 Litre sanitiser station which can dispense up to 105,000 doses and process up to 25 users a minute. It benefits from a 22” high-quality HD monitor which is perfect to enable single or multiple machines to display sponsored advertising, internal messaging, visitor information or corporate videos and other media content. The advertising revenue created could self-fund machines or even return a profit. With guaranteed ‘eyes on’ potential the essentialShield Promoter is ideal for large footfall consumer locations including: shopping centres, supermarkets, sports stadiums, airports, public transport stations, office blocks, public buildings and higher education establishments.

essentialShield Range	2 years	3 years	4 years	5 years
